Rural Healthcare and Traditional Medicine

(Integrating Traditional Knowledge with
Contemporary Medicine)

25 – 26 July 2025

**Shahid Durwasa Nishad Govt.
College Arjunda**
Dist- Balod (C.G)

Sponsored by

**Chhattisgarh Council of Science
and Technology**

Organized by

Department of Zoology

CALL FOR ABSTRACTS

We invite researchers, PhD scholars, postdoctoral fellows, and academicians to submit abstracts showcasing their latest findings and innovations in the fields of traditional medicine, ethnomedicine, ethnobotany, therapeutic efficacy of medicinal plants, plant metabolites, nanoparticle from plants and their efficacy on disease models, prevailing disease burden in Chhattisgarh, and related fields. Selected abstracts will be presented during the conference as oral or poster presentations, providing an excellent opportunity to share your work with leading experts and peers.

SUBMISSION GUIDELINES

- Abstracts must be submitted online by the specified deadline.
- Word limit: 300 words (excluding title and author details).
- Clearly state the title, authors, affiliations, and corresponding author's email.
- Specify your preference for oral or poster presentation.

ORAL AND POSTER PRESENTATION

The conference will also provide opportunities for oral and poster presentations, allowing participants to showcase their research findings. We look forward to your participation and contributions to what promises to be an exciting and impactful event.

POSTER SIZE

Dimension of poster should be 3x3 feet height and width.

Poster should contain the Title, Authors name, Affiliation and Address.

About the College

Shahid Durwasa Nishad Government College Arjunda is one of the prominent college of the area in the Balod District of the Chhattisgarh State. Situated in rural premises with an aim to provide quality education and overall development of youth, the college was established in 16.08.1988. The college offers 07 different academic programs, ranging from Bachelor's Degree to Master's Degree to PGDCA. There are currently 12 departments running in the college. It accommodates over 1500 students and 24 faculty members. Students receive education in majorly three fields Science, Commerce and Arts. The college is affiliated to Hemchand Yadav Durg University, Durg Chhattisgarh earlier it was affiliated to Pandit Ravishankar Shukla University, Raipur Chhattisgarh.

About the Department

The Department of Zoology was established in the year 2006. Currently there is only undergraduate program. The Department has sent the proposal for Postgraduate program to the Higher Education Department of Chhattisgarh. There is a well-equipped lab for practical where students get to perform the experiments. The Department is dedicated towards providing quality education and fostering research environment.

About the Conference

National Conference on Rural Healthcare and Traditional Medicine aims to provide a national platform dedicated to explore the role of traditional medicine in modern healthcare system especially in a rural set up. The rising healthcare crisis requires immediate attention and this conference focuses on the solution by integration of traditional medicine such as herbal plants, Ayurveda, and herbal treatments with contemporary medical treatments. The conference brings together researchers, practitioners and policy makers to share their research, practices, knowledge and views. It provides an opportunity to learn from the presentations and speeches, workshops, networking and to better the collaboration and exchange of ideas and in result give some tangible solution to the problem providing efficient and sustainable healthcare in Chhattisgarh, India and around the world.

Theme of the Conference

- Traditional medicine and its therapeutic potential.
- Different types of medicinal plants in Chhattisgarh, India and their traditional uses.
- Studies on medicinal plants and its therapeutic efficacy.
- Medicinal plant metabolite and drug discovery.
- Efficacy of medicinal plants against chronic diseases.
- Ayurveda, Unani, Siddha, Homeopathy medicine.
- Different model used to study the therapeutic potential of traditional medicine.
- Sourcing and verification of materials of traditional medicine.
- Health and hygiene issues in rural Chhattisgarh, India.
